

## **Councillor Mike Hankins - North Norfolk District Councillor's Report**

### **Sennowe Licence**

I have written to Breckland Council to complain about the noise and harm emanating from the late-night licence issued for the event in August and requesting we be consulted for future events, no reply to date.

### **Glaven Valley Conservation area proposal**

Following a second public consultation, the proposal was accepted by the Planning Policy working party for recommendation for approval by the council cabinet.

I am pursuing the erratic unreliable postal deliveries with the delivery service and intend to table this as an issue at the next available O&S meeting.

Anglian Water will be presenting their improvement plans to the O&S meeting on Wed 15<sup>th</sup> November.

The Peer Group review of the council was published recently, the conclusions were positive for the council, the full review is available from NNDC
